## THE SYMBOL OF SUPREME STRENGTH

Parasakti Cement is a professionally managed organization that can produce upto 1.7 Million Tons of cement per annum. We manufacture and deliver all grades of high strength cement with consistency, making us indispensable to customers who demand both high performance and quick execution.

Designed using the most advanced and efficient dry process manufacturing and grinding technology, we ensure that every bag of cement adheres to the highest quality with consistent performance.

Our Quality Management System established in accordance with DNV-GL ISO 9001:2015
Certification standards makes our high quality products vital for key infrastructure projects like 'Nagarjuna Sagar Tail Pond Dam Construction'.

Our vast network of dealers and an efficient distribution system enables a prompt delivery to our customers across Andhra Pradesh, Telangana, Tamil Nadu, Karnataka and Maharashtra. For over a decade, Parasakti Cement has been used to build infrastructure-related and residential projects across India

For customers seeking consistent quality, high strength and cement for special applications, Parasakti Cement is a partner you can rely on.

#### GLOBAL ENVIRONMENT & MINING SERVICES

(Consulting Engineers, Mine Designers, Geologists & Surveyors)

Global Environment & Mining Services (GEMS), Hospet an ISO 9001:2015 certified company offers consultancy and services in Survey, Geology, Mining Engineering, Mine Planning, Mine Designing, Environment, Mineral Processing etc., These services enhance environment friendly optimum utilization of resources, profitability, sustainable development, social awareness, and competitive position of developing projects.

"Professional mining consultants with the resources and experience to provide expert mining, geological, environmental engineering and Mineral Processing results."

#### **GEMS Services:**

- · Topographical surveys
- Drone survey
- DGPS Survey
- Geological Mapping
- Exploration
  - Formulation of scheme of detailed exploration
  - · Core Drilling
  - · Geological logging
  - · Sampling and analysis
  - · Ore body modeling
  - · Reserve estimation
  - · Regional geological surveys
- Overall assessment of mine/applied mining lease areas
- · Satellite images

- Preparation of Mining plan /Scheme & Mine closure plan
- · Preparation of EIA / EMP
- · Preparation of Forest proposals
- · Ore Beneficiation studies
- · Beneficiation plant design
- Assessment of the operational & virgin Deposits
- · Mine planning & Designing
- · Mine Evaluation
- Environmental Monitoring (Air, Water, Noise, Soil etc.,)
- Analysis of Environmental, Minerals and industrial effluents
- · Geotechnical studies
- · Vibration studies

**GEMS** presently offering consultancy for the minerals like Iron ore, Manganese, Lignite, Coal, Limestone, Dolomite, Bauxite, Copper, Manganesite, Chromite etc in India and as well as in South Africa, Mozambica, Kenya, Indonesia, Sri Lanka, China, Guinea, Morocco, Thailand etc.,

#### CREDENTIALS

- An ISO 9001, 14001, OHSAS 45001: 2018 certified company
- Company is recognized by Govt. of Karnataka, Maharashtra, Goa for DGPS survey.
- · Accreditation of NABET, NABL & MOEF & CC
- More than 500 mining plan prepared for major & minor minerals
